We don't want any dull season, and January is always a dull month. So we make you this price to stimulate you to buy now. Send for catalog today, to Geo. D. JARVIS & SON, Burlington, Vt.

## THE Y. P. BRANCH

Hold an Interesting Meeting and Enjoy the Entertainment for the Evening.

The Y. P. Branch held a meeting last week Wednesday evening with Mrs. Robert Lawton, fifteen members being present. Some very interesting articles were read on the temperance cause and the president called for suggestions for helping the temperance cause in this town. The following suggestions were adopted: Resolved, that there should be a bulletin board at Bosworth's store on which weekly posters concerning temperance should be posted; that interviewers should be appointed to interview the business men on temperance, these opinions to be published in our weekly paper, THE HERALD. After singing several songs the business meeting was adjourned. Then followed the social part of the program, the first being the initiation of new members, which caused much merriment. This was the order of initiation:

Alec King and Theodore Stott blindfolded, fed each other corn flakes.

Lullaby to a pillow by Alphonso Lefebvre.

Walking a string, looking through the small end of a field glass,—Alphonso Lefebvre.

Race in cutting paper designs, only one hand used, Marguerite Flood, Mrs. Saunders.

Checker race, pushing checkers across the room with nose, Alphonso Lefebvre, Theodore Stott, Alec King.

Duet, Mrs. Saunders playing trombone, Miss Marguerite Flood, piano.

Race in string eating,—Theodore Stott, Alec King.

Debate on subject, "Paint is more useful than powder," Mrs. Saunders, affirmative, Marguerite Flood, negative.

Refreshments were served and the members left for their homes, having enjoyed a most pleasant and instructive evening's entertainment.

## FELL FROM TRAIN

Brakeman O. C. Corliss Fell from Train—Taken to Emergency Hospital in R. R. Y. M. C. A.

O. C. Corliss, a brakemgn on the Grand Trunk railway, fell from a freight train at Stark, N. H., Monday. He was brought here and taken to the emergency hospital in the R. R. Y. M. C. A. and Dr. Sargent, the district surgeon for the Grand Trunk railway, made a thorough examination. Mr. Corliss sustained only bruises and sprains, although there is a possibility of developments that may make his condition serious. It is reported that he was delirious when first injured, and later complained of pain at the base of the brain, but there was no outward sign of serious injury from that source. His hip was badly bruised and painful.

Mr. Corliss was taken to his home in the Guest house on York Hill Tuesday and was reported comfortable. It was a narrow escape from a serious, is not fatal, injury.

## Books

A select line of

Street & Smith's

Books at the popular

price of

10 and 15 cents.

J. W. THURSTON,

Island Pond, Vermont

## ADMIRAL DEWEY DEAD

The "Hero of Manila Bay" and Native Vermonter Died at His Home in Washington Tuesday Night.

Admiral George Dewey, the nation's Spanish war hero, and, by priority of grade, the ranking naval officer of the world, died at his home in Washington, D. C., Tuesday night, January 16, in his 80th year. He had not been conscious since Monday, when he lapsed into coma, still believing that in a few days he would be back at his desk in the navy department.

The Dewey family was closely associated with the "Green Mountain Boys" and members of his family have been prominent in the affairs of the State from its early days.

Admiral George Dewey was the son of Dr. Julius Y. Dewey, a prominent physician of Montpelier and founder of the National Life Insurance Company. George Dewey was born December 26, 1837 in the Dewey home on State street, Montpelier. He was with Farragut at New Orleans and on the Mississippi, and distinguished himself in the navy during the Civil war. After his annihilation of Montojo's fleet at Manila Bay, May 1, 1898, he returned home and was feted by the nation. He was given a splendid reception at his home city, Montpelier.

## FISH AND GAME

State Fish and Game Commissioner J. W. Titcomb Issues Biennial Report—Canaan Field Station.

The twenty-third biennial report of the State Fish and Game Commissioner, John W. Titcomb, is a well arranged and very interesting document to all who are interested in this important branch of State work. It is in two parts. Part one is legislative.

The Fish and Game Commission is the only department of State work wholly maintained without legislative appropriation, and is not a burden in the way of taxation on the public as a whole. The revenue maintaining this department is derived from license fees, and returns to the state a direct revenue from fines paid into the State treasury. From this report is taken the following:

"In the twenty-second report of the Commissioner, Economic Importance of the Fish and of the Game and Fur Bearing Animals of the State was discussed from the standpoint of the intrinsic value of the fish and of the game and fur bearing animals annually taken, it being conservatively estimated at over \$502,000, or an annual dividend at four per cent upon the State's wild life assets of over \$12,500,000.

"With the tremendous increase in the price of meats as well as of all other foods, the economic importance of fish and game to the inhabitants of the state from this narrow viewpoint is emphasized.

"Incidental to making a canvas of ponds and lakes with a view to establishing a permanent policy in regard to their future treatment, some statistics were taken to ascertain the value of shore property, from which the following facts were deduced. There are approximately 106 lakes and ponds on which camps or summer homes have been built ranging in value from \$50.00 to \$10,000.00 or more each, the total value of property thus improved being conservatively estimated at over \$1,800,000. If Lakes Champlain and Memphremagog were included in this estimate, the value of improved property would be more than doubled."

#### Canaan Field Station.

"Options have been secured in the town of Canaan for the establishment of a field station on the property of A. P. Richardson, with privileges of purchase at a reasonable price, together with the water rights to a large trout stream and to a

## 50 LBS. OF BUTTER A WEEK

World's Record for Butter-Fat Production Broken by Holstein Cow Owned by Mr. Cabana, a Former Resident of Island Pond.

Mr. Oliver Cabana, Jr., of Elma Center, N. Y., is the owner of the Holstein-Friesian cow who has beat the world's record for butter-fat production. Mr. Cabana was born and spent his early life here, and is one of those many Island Pond boys who have made good in the larger centers of industrial activity.

Following is the record of this Holstein cow:

The preliminary reports state that the Holstein-Friesian cow Segis Fayne Johanna 114658 has broken the record for fat production in the seven-day division by producing in seven consecutive days 722 lbs. milk and 40.544 lbs. fat, with the test still in progress. She freshened at the age of 8 years, 2 months, 17 days. Her sire is King Fayne Segis 46767; her dam, Vikina Johanna 64385. She was bred by Mr. A. A. Cortelyou of Somerville, N. J.; and she is now owned by Mr. Oliver Cabana, Jr., Elma Center, N. Y. In the full-age class of the seven-day division she displaces Hester Aaltje Korndyke 133222, whose record for seven days is 621.1 lbs. milk containing 37.429 lbs. fat. The productions of the last seven full days as reported to the office of the Holstein-Friesian association are as follows: 97.9 lbs. milk, 5.666 lbs. fat; 101.3 lbs. milk, 6.052 lbs. fat; 104.1 lbs. milk, 5.466 lbs. fat; 105.2 lbs. milk, 5.759 lbs. fat; 104.4 lbs. milk, 5.743 lbs. fat; 105.1 lbs. milk, 5.785 lbs. fat; 104.5 lbs. milk, 5.766 lbs. fat. The 40.544 lbs. fat, so far reported for Segis Fayne Johanna but not exactly covering the days whose productions are given, computed on the 80 per cent basis would be equivalent to 50.68 lbs. butter.

## I. P. H. S. LOSE GAME

Derby Academy Win by Score of 19 to 10 in an Exciting Game of Basket Ball.

In a hotly contested game of basket ball, the Derby Academy team won from the I. P. H. S. team at the opera house Tuesday night. The Island Pond boys played the better game from every point. They entered into the work like true sportsmen and kept within the rules.

The line-up was as follows:

DERBY ACADEMY	ISLAND POND
Truax, c	Roby, c
Hall, r f	Stevens, r f
Hadlock, l f	Rooney, l f
Bachelor, r g	King, r g
Bridge, l g	Mosher, l g

Baskets: Hall 5; Truax 3; Bachelor 1; Rooney 2; Mosher 1. Baskets from foul line: Truax 1; Stevens 4. Referee, Mr. Morong. Timekeeper, Mr. Foster. Scorer, Mr. Saunders. Score, 19-10 in favor of Derby Academy. The receipts were \$35.00.

series of large springs which come together in a trout stream where they can be conducted to the hatchery site not far distant from the source of supply. The piping has been purchased and is on the ground, as well as a battery of fifty-two troughs.

"In making the selection of sites for these new stations, the counties most inaccessible from the central station at Rochester have been chosen. The process of permanent constructions at these or any other new field stations must be gradual because it is desirable not only to continue the fish cultural work now being conducted but to gradually increase it. To do this will not leave sufficient funds to complete any one field station during one biennial term."

The report has much information given statistically and will make a valuable reference for this department. The game laws are fully taken up and explained. The total receipts for the fiscal year ending June 30, 1916 amount to \$47,580.93, of which \$47,006.12 represents the return for hunting and fishing licenses, and the balance, \$574.81, was received from sale of deer carcasses, fry, fingerling and miscellaneous.

## PROBATE NOTICE

Regular sessions of the Probate Court for the district of Essex will be held at Guildhall on the first Wednesday of each month, in the forenoon.

At Island Pond, the first Wednesday of January, April, July and October, in the afternoon.

At Lunenburg, the second Wednesday of January, April, July and October, in the forenoon.

At Concord in the afternoon of the same days.

Special sessions will be held by arrangement.

Communications should be sent to Edwin O. Carl, Judge, Canaan, or to George A. Hubbard, Register, Guildhall.

Do you know that a free dress pattern is included with the club of four magazines that we are giving in combination with The Herald for only 25 cents extra? Send your order by mail, or phone us.

## FOREIGN AND DOMESTIC WOOLENS

Suits or Overcoats \$18.00 to \$60.00

Hand-Made Throughout

ISLAND POND, VERMONT

## Island Pond National Bank

Island Pond, Vermont

4%

Will pay Savings Depositors at the rate of 4 percent interest compounded semi-annually.

Some of our depositors find their interest pays their taxes, there are others whose interest pays their rent, and not a few whose savings have bought them homes.

### Do Not Delay

Begin at once and open an account with us today, or this week. Don't wait for big sums, a small amount will start an account and you will be surprised to see the sum it will grow into at the end of the year.

A Savings Account is the First Step to wealth. Let us help you save the dollars.

## Winter Sports

Such as Coasting, Snow Shoeing, Skiing and the like are nowhere more practical than in this splendid northern clime.

Plenty of out door life breeds the healthiest of men and women, are you taking advantage of it and gathering your share of the fun and good health?

Help your boy and girl to get a good pair of Snow Shoes or Skis, and watch them come in with rosy cheeks and renewed vigor. Better get out with them yourself.

Another health measure is Windows up in the sleeping rooms. Buy the Sanitary Screens that keep the snow out and let the air in.

"Let us show you."
